INDEX TO SERVICE AND REGULATORY ANNOUNCEMENTS, 1944

Page

Arizona State plant quarantines, summary of 23–27
Australian wheat, flag smut quarantine amended to permit limited entry into southern California for feed purposes 33–35, 80–81
Black stem rust quarantine (No. 38):
  Revised quarantine and regulations effective December 26, 1944 75–79
    Common carriers, notice to 79
    General public, notice to 79
    Postmasters, instructions to 79–80
British India, summary of plant-quarantine import restrictions (B. E. P. Q. 404, revised, supplement No. 1, revised) 23
California, Port Hueneme, Ventura County, added to list of terminal plant inspection places, notice of 23
Christmas trees originating in areas regulated on account of the gypsy moth, interstate movement authorized after fumigation with methyl bromide 57–58
Citrus census, lower Rio Grande Valley of Texas 60–64
Collectors of customs, instructions to:
  Cottonseed and cottonseed hulls, importation from certain areas of Mexico authorized (T. D. 51164) 84
  Potatoes, importation from State of Tamaulipas, Mexico, authorized (T. D. 51054) 53
Common carriers, notice to:
  Black stem rust quarantine 79
  Japanese beetle quarantine 10, 11
  Mexican fruitfly quarantine 12, 41
  Pink bollworm quarantine 49, 50, 91, 93
  White-fringed beetle quarantine 16, 100, 101
Cottonseed and cottonseed hulls, provision for entry from certain areas of Mexico 81–84
Dunnahoo, Gilbert L., quarantine liaison officer, United States Public Health Service 103
Fladness, S. O., animal quarantine liaison officer, Department of Agriculture 103
Flag smut quarantine (No. 59):
  Wheat, Australian, regulations governing limited entry into southern California for feed purposes (amendment No. 1 effective June 9, 1944) 33–35
  Wheat, Australian, entry into southern California, period during which importations may be made extended from November 30, 1944, to December 31, 1944 (amendment No. 2, effective November 27, 1944) 80–81
General public, notice to:
  Black stem rust quarantine 79
  Japanese beetle quarantine 10
  Mexican fruitfly quarantine 42
  Pink bollworm quarantine 49, 92
  White-fringed beetle quarantine 17, 100
Gypsy moth and brown-tail moth quarantine (No. 45):
  Christmas trees originating in regulated areas, interstate movement authorized after fumigation with methyl bromide (B. E. P. Q. 536) 57–58
Haeussler, Gilbert J., named chief of the Division of Insect Pest Survey and Information, *vice* James A. Hyslop 64–65
Hearings, public, notice of:
  Pink bollworm (domestic) 12–13
  Pink bollworm (foreign) 59–60
Japanese beetle quarantine (No. 48):
  Certification, articles exempt from (B. E. P. Q. 533) 10–11
    Common carriers, notice to 11
    Postmasters, instructions to 35–36
  Fruit, vegetable, and cut-flower shipments from heavily infested areas, administrative instructions designating effective dates of restrictions on (B. E. P. Q. 535) 36–37
    Common carriers, notice to 37
    Restrictions, administrative instructions lifting (B. E. P. Q. 537) 59
  Revised quarantine and regulations effective March 30, 1944 1–10
    Common carriers, notice to 10
    General public, notice to 10
    Postmasters, instructions to 35

Knies, Phillip T., quarantine liaison officer, War Department 103
Magath, Thomas B., quarantine liaison officer, Navy Department 103
Mexican fruitfly quarantine (No. 64):
  Citrus census, lower Rio Grande Valley of Texas 60–64
  Grapefruit, sterilization required as a condition of certification for interstate movement (B. E. P. Q. 534) 11–12
    Common carriers, notice to 12
  Revised regulations effective July 3, 1944 37–41
    Common carriers, notice to 41
    General public, notice to 42
    Postmasters, instructions to 42
Mexico:
  Cottonseed and cottonseed hulls, provision for entry from certain areas 81–84
  Potatoes, importation from State of Tamaulipas authorized 52–53
Minnesota, State quarantine on account of the alfalfa weevil, rescinded, notice of 64
Navy Department:
  Navy orders and regulations with respect to the enforcement of Federal plant quarantine restrictions 22, 112–115
  Magath, Thomas B., quarantine liaison officer, designation of 103
Oklahoma discontinues terminal plant inspection, notice of 115
Peru, summary of plant-quarantine import restrictions (P. Q. C. A. 310, supplement No. 6, revised) 103
Pink bollworm quarantine (domestic) (No. 52):
  Baled cotton lint from certain lightly infested areas in New Mexico and Texas, administrative instructions designating the area from which movement without treatment is permitted (B. E. P. Q. 493, third revision; B. E. P. Q. 493, fourth revision) 50, 92–93
    Common carriers, notice to 50, 93
  Public hearing to consider advisability of extending quarantine to the State of Louisiana, notice of 12–13
  Revised quarantine and regulations effective May 1, 1944, and November 9, 1944 42–49, 85–91
    Common carriers, notice to 49, 91
    General public, notice to 49, 92
    Postmasters, instructions to 49, 92
Pink bollworm quarantine (foreign) (No. 8):
  Public hearing to consider a possible modification of the embargo against Mexican cottonseed and cottonseed hulls, notice of 59–60
  Revised quarantine and regulations effective November 11, 1944 81–84
    Collectors of customs, instructions to (T. D. 51164) 84
Plant Quarantine Act, violations of. *See* Violations of Plant Quarantine Act, penalties for.
Plant-quarantine import restrictions, summary of:
  British India (B. E. P. Q. 404 revised, supplement No. 1, revised) 23
  Peru (P. Q. C. A. 310, supplement No. 6, revised) 103
  Southern Rhodesia (B. E. P. Q. 446, supplement No. 1) 101–102
  Union of South Africa (B. E. P. Q. 471, supplement No. 4) 65–66
Postmasters, instructions to:
  Black stem rust quarantine 79–80
  Japanese beetle quarantine 35–36
  Mexican fruitfly quarantine 42
  Pink bollworm quarantine 49, 92
  White-fringed beetle quarantine 17, 100
Potato regulations:
  Importations from State of Tamaulipas, Mexico, provision for (amendment No. 6, effective April 15, 1944) 52–53
    Collectors of customs, instructions to (T. D. 51054) 53
Public hearings, notice of:
  Pink bollworm (domestic) 12–13
  Pink bollworm (foreign) 59–60
Quarantine and other restrictive orders and miscellaneous regulations, current, list of 66–72
Quarantine liaison officers:
  Dunnahoo, Gilbert L., United States Public Health Service 103
  Fladness, S. O., Department of Agriculture (animals) 103
  Knies, Phillip T., War Department 103
  Magath, Thomas B., Navy Department 103
  Sasscer, E. R., Department of Agriculture (plants) 103
Sasscer, E. R., plant quarantine liaison officer, Department of Agriculture 103
Southern Rhodesia, summary of plant-quarantine import restrictions (B. E. P. Q. 446, supplement No. 1) 101–102
Terminal inspection of plants and plant products:
  Arizona State plant quarantines, summary of 23–27
  California, Port Hueneme, Ventura County, added to list of terminal plant inspection places 23
  Minnesota, State quarantine on account of the alfalfa weevil rescinded, notice of 64
  Oklahoma discontinues terminal plant inspection, notice of 115
  Washington State plant quarantines, summary of 27–29
Treasury decisions:
  Pink bollworm quarantine (foreign) (T. D. 51164) 84
  Potato regulations (T. D. 51054) 53
Union of South Africa, summary of plant-quarantine import restrictions (B. E. P. Q. 471, supplement No. 4) 65–66
Violations of Plant Quarantine Act, penalties for 30, 54–55, 72–73, 116

Page

War Department:
Army orders and regulations with respect to the enforcement of Federal plant quarantine restrictions 21–22, 104–112
Knies, Phillip T., quarantine liaison officer, designation of 103
Washington:
State plant quarantines, summary of 27–29
States that are being protected from the black stem rust, added to list of 75–79
Wheat, Australian, flag smut quarantine amended to permit limited entry into southern California for feed purposes 33–35, 80–81
White-fringed beetle quarantine (No. 72):
Certification requirements for specified articles, modification of (B. E. P. Q. 485, thirteenth revision) 100–101
Common carriers, notice to 101
Regulated area, extension of (amendment No. 1, effective January 14, 1944) 14–16
Common carriers, notice to 16
General public, notice to 17
Postmasters, instructions to 17
Revised quarantine and regulations effective November 25, 1944 93–100
Common carriers, notice to 100
General public, notice to 100
Postmasters, instructions to 100
Treatments authorized against white-fringed beetle, revision of (B. E. P. Q. 503, fifth revision; B. E. P. Q. 503, fifth revision, supplement 1) 17–21, 51–52

TABLE OF CONTENTS

CONTENTS OF NO. 162 (JANUARY–MARCH 1945)

	Page
Quarantine and other official announcements	1
Announcement relating to black stem rust quarantine (No. 38)	1
Classification of barberry and mahonia plants (B. E. P. Q. 385, fourth revision)	1
Announcements relating to Japanese beetle quarantine (No. 48)	2
Japanese beetle areas extended (press notice)	2
Revised quarantine and regulations effective February 17, 1945	3
Notice to general public through newspapers	11
Japanese beetle quarantine regulations modified (B. E. P. Q. 533, revised)	11
Announcements relating to rules and regulations governing the importation of cotton and cotton wrappings into the United States	12
Amendment No. 5, effective February 2, 1945	12
Instructions to collectors of customs (T. D. 51210)	13
Miscellaneous items	14
Plant-quarantine import restrictions, Presidency of Antigua, British West Indies (B. E. P. Q. 374, revised)	14
Army orders and regulations (TC Circular No. 80–18)	16
Terminal inspection of plants and plant products	16
Louisiana discontinues terminal plant inspection	16
List of Washington State plant quarantines modified	16
Penalties imposed for violations of the Plant Quarantine Act	17
Organization of the Bureau of Entomology and Plant Quarantine	18

CONTENTS OF NO 163 (APRIL–JUNE 1945)

Quarantine and other official announcements	19
Announcements relating to gypsy moth and brown-tail moth quarantine (No. 45)	19
Hearing to consider extending gypsy moth and brown-tail moth quarantine (press notice)	19
Notice of public hearing to consider advisability of extending the gypsy moth and brown-tail moth quarantine to include the State of New York, and to consider the quarantine status of an isolated infestation in the State of Pennsylvania	20
Announcements relating to Japanese beetle quarantine (No. 48)	21
Jap beetle quarantine restrictions begin June 7 (press notice)	21
Administrative instructions designating dates when restrictions on fruit, vegetable, and cut-flower shipments shall become effective under the provisions of § 301.48–4 (b) of the Japanese beetle quarantine (B. E. P. Q. 539)	21
Announcement relating to Mexican fruitfly quarantine (No. 64)	22
Mexican fruitfly regulations revised—sterilization of grapefruit required (B. E. P. Q. 538)	22
Announcement relating to nursery stock, plant, and seed quarantine (No. 37)	23
List of names of representatives of the Canadian Department of Agriculture authorized to inspect and certify plants, nursery stock, and seeds (T. D. 51246)	23
Announcements relating to pink bollworm quarantine (No. 52)	23
Area regulated by pink bollworm quarantine increased (press notice)	23
Modification of pink bollworm quarantine regulations (amendment No. 1, effective May 23, 1945)	24
Instructions to postmasters	25
Pink bollworm quarantine regulations modified (B. E. P. Q. 493, fifth revision)	25
Pink bollworm quarantine regulations modified (B. E. P. Q. 540)	26
Rules and regulations governing sanitary export certification	27
Miscellaneous items	29
Porter to head fruit insect investigations (press notice)	29
Plant-quarantine import restrictions, Republic of Brazil (B. E. P. Q. 379, revised, supplement No. 2)	30
Plant-quarantine import restrictions, Colony and Protectorate of Kenya (B. E. P. Q. 479, supplement No. 1, revised)	31
Plant-quarantine import restrictions, Republic of Paraguay (B. E. P. Q. 502, supplement No. 1, revised)	32
Terminal inspection of plants and plant products	32
Summary of Oregon State plant quarantines	32
Penalties imposed for violations of the Plant Quarantine Act	35
Organization of the Bureau of Entomology and Plant Quarantine	38

TABLE OF CONTENTS

CONTENTS OF NO. 164 (JULY–SEPTEMBER 1945)

	Page
Quarantine and other official announcements	39
Announcement relating to fruit and vegetable quarantine (No. 56)	39
Entry of oranges, grapefruit, and Manila mangoes from Mexico authorized after treatment (B. E. P. Q. 542)	39
Announcements relating to Japanese beetle quarantine (No. 48)	40
Japanese beetle restrictions to be lifted for season (press notice)	40
Restrictions of Japanese beetle quarantine on cut flowers, fruit, and vegetables discontinued for the season (B. E. P. Q. 541)	41
Miscellaneous items	41
Plant-quarantine import restrictions, Commonwealth of Australia (B. E. P. Q. 476, supplement No. 5)	41
Plant-quarantine import restrictions, Dominican Republic (B. E. P. Q. 396, supplement No. 2)	42
Plant-quarantine import restrictions, United Kingdom of Great Britain (Northern Ireland) (B. E. P. Q. 416, revised, supplement No. 1)	43
Terminal inspection of plants and plant products	43
Summary of Arizona State plant quarantines	43
Penalties imposed for violations of the Plant Quarantine Act	48
Organization of the Bureau of Entomology and Plant Quarantine	50

CONTENTS OF NO. 165 (OCTOBER–DECEMBER 1945)

Quarantine and other official announcements	51
Announcements relating to gypsy moth and brown-tail moth quarantine (No. 45)	51
Gypsy moth and brown-tail moth quarantine revised (press notice)	51
Revised quarantine and regulations, effective October 10, 1945	52
Notice to general public through newspapers	57
Instructions to postmasters	58
Announcement relating to fruit and vegetable quarantine (No. 56)	58
Instructions to collectors of customs (T. D. 51338)	58
Announcements relating to Mexican fruitfly quarantine (No. 64)	59
Mexican fruitfly quarantine and regulations revised (press notice)	59
Revised quarantine and regulations effective November 26, 1945	59
Notice to general public through newspapers	63
Instructions to postmasters	64
Mexican fruitfly permit requirements temporarily discontinued (press notice)	64
Mexican fruitfly regulations modified—administrative instructions lifting permit requirements for interstate movement of citrus fruits until further notice (B. E. P. Q. 543)	64
Announcements relating to nursery stock, plant, and seed quarantine (No. 37)	65
Okra seed to enter under permit (press notice)	65
Modification of nursery stock, plant, and seed quarantine regulations—notice of permit requirement for entry of okra seed	65
Instructions to collectors of customs (T. D. 51339)	66
Announcements relating to white-fringed beetle quarantine (No. 72)	66
White-fringed beetle quarantine regulations revised (press notice)	66
Revised quarantine and regulations effective December 12, 1945	67
Notice to general public through newspapers	74
Instructions to postmasters	74
White-fringed beetle quarantine regulations modified—administrative instructions; modification of certification requirements for specified articles (B. E. P. Q. 485, 14th rev.)	74
Miscellaneous items	75
Cushing to again head Entomology and Plant Quarantine Division (press notice)	75
Plant-quarantine import restrictions, Union of South Africa (B. E. P. Q. 471, supplement No. 2, revised, superseding supplements Nos. 2 and 4)	76
Plant-quarantine import restrictions, Republic of Brazil (B. E. P. Q. 379, revised, supplement No. 3)	77
Plant-quarantine import restrictions, Colony of Dominica, British West Indies (B. E. P. Q. 399, revised)	78
List of current quarantine and other restrictive orders and miscellaneous regulations	81
Penalties imposed for violations of the Plant Quarantine Act	88
Organization of the Bureau of Entomology and Plant Quarantine	90
